

REMARKS

In accordance with the instructions of MPEP § 608.05, the Applicants state that the two submitted Computer Readable Forms on compact disc are identical. These discs are readable by IBM-PC clones. The operating system used to make these files was "Windows XP Professional." The file name and characteristics on the discs are as follows

<u>Name</u>	<u>Size</u>	<u>Date Created</u>
10516361 Supplemental CRF.txt	5.91 kb	Oct. 30, 2006

The submission, filed in accordance with 37 CFR 1.821(h), herein does not include new matter or matter which goes beyond the disclosure in the international application. The substitute sequences are identical in substance to those previously submitted, and include only formalistic changes.

The substitute sheet of the Sequence Listing does not include new matter. The substitute copy of the Computer Readable Form, submitted in accordance with 37 C.F.R. § 1.825 (b), is the same as the substitute Sequence Listing.

In light of the remarks above, the Applicants respectfully request the substitute Sequence Listing be entered and the substitute Computer Readable Form be accepted.

As stated above, the Applicants have submitted a request for a three-month extension of time with submission of this paper. The Applicants request that this submission also be considered as a petition for further extensions of time if necessary. The Commissioner for Patents and Trademarks is hereby authorized to charge the amount due for any retroactive extensions of time and any deficiency in any fees due with the filing of this paper or credit any overpayment in any fees paid on the filing or during prosecution of this application to Deposit Account No. 50-0951.

Respectfully submitted,

AKERMAN SENTERFITT
